Mechanical IR cut filter  
or electronic day/night function  
1/3" SONY Super HAD II  
Motion detection

**H Series contains technologically advanced 'high' range of classic cameras, whose parameters allow high quality images even in low light conditions. These features, in connection with operational reliability, make cameras the best solution for diverse configurations, beginning from few-camera systems for small objects up to expanded multi-camera CCTV systems.**

- Wide Dynamic Range (WDR)
- Digital Slow Shutter (DSS)
- Digital Noise Reduction (DNR)
- 8 privacy zones
- 32x digital zoom
